High on the must-see lists of most visitors to South Africa is the Garden Route, and with good reason: you cannot help but be seduced by the glorious natural beauty. The distance from Mossel Bay in the west to Storms River in the east is less than 300km, yet the range of topography, vegetation, wildlife and outdoor activities is remarkable.

The coast is dotted with excellent beaches, while inland you will find picturesque lagoons and lakes, rolling hills and eventually the mountains of the Outeniqua and Tsitsikamma ranges that divide the verdant Garden Route from the arid Little Karoo.
